Blue Canyon Kitchen * Tavern opens new outdoor patio

Guests can now enjoy great cocktails, amazing food in an unbelievable atmosphere

Blue Canyon puts the "Great" in great outdoors with its brand new, gorgeous quarry stone, outdoor patio complete with a fire pit and outdoor waterfall. Guests are encouraged to meet their friends or enjoy a romantic evening under the stars on the 3900 square foot outdoor dining and bar area.

"The menu on the outdoor patio varies from what is served in the restaurant. I wanted to offer some awesome lighter fare, said Executive Chef and Co-Owner, Brandt Evans, "Both the food and drink menu are very fun and very sexy. My partners, Val and Bob Voelker, and I wanted to create a great place for our guests to come out after a long day and be able to relax and enjoy something a little different. You'll be seeing a lot of me and my wife Kristen out there this summer!"

The patio menu includes flatbreads, salads, wraps and panini's that only Blue Canyon could create. Guests will be able to enjoy menu items like: Udon Noodle Salad, Roasted Beer Can Chicken, Cast Iron Beef Tenderloin and Brick Oven Roasted Whole or Half Lobster Tail. The specially created drink menu for the patio includes Blue Canyon originals and old favorites. Daily specials are also offered.

The patio opened over the Memorial Day weekend and will close after Labor Day or as weather permits.

Patio Hours are:
